Tick here if you do **not** wish to receive any information about other DX services available to you in the future

- Notes.
- The DX Tracked Specimen service is suitable for Category B specimens only. These items will be invoiced at the current tariff.
  - The Category A service is available on request to mainland UK Members only. This service is provided by third party carriers. Category A samples are not permitted within the normal DX collection and delivery network.
  - Republic of Ireland customers wishing to send Category B specimens to Members in England, Scotland and Wales must affix a GB Shipment Sticker to the Tracked Specimen box. These items will be invoiced at the current tariff.
  - Please ensure you order Tracked Specimen Labels (TSSLAB) when ordering this packaging.

Your order will be despatched within 5 working days. Our Specimen Delivery services are available in line with the Rules of Membership, copies of which are available from your Account Manager.
